Our Promise to You

Chesapeake Custom Builders has been created by people who see the big picture and realize that success is achieved by hard work and attention to detail. No matter what price home you are looking for, we strive to understand both your dreams and your budget, and help you customize your home from foundation to roof shingles. We select building materials and subcontractors that reflect our commitment to quality and craftsmanship. We perform two service inspections, one prior to settlement and one about thirty days after you move in. We provide a ten-year limited structural warranty at no additional cost to you. We recognize that building a home-your home-is the most important financial decision you're likely to make. Let Chesapeake Custom Builders help you make sure it's the right one.
